

FOR IMMEDIATE RELEASE

PROTECT YOUR RIGHTS

Second Edition

Frank R. Kearney

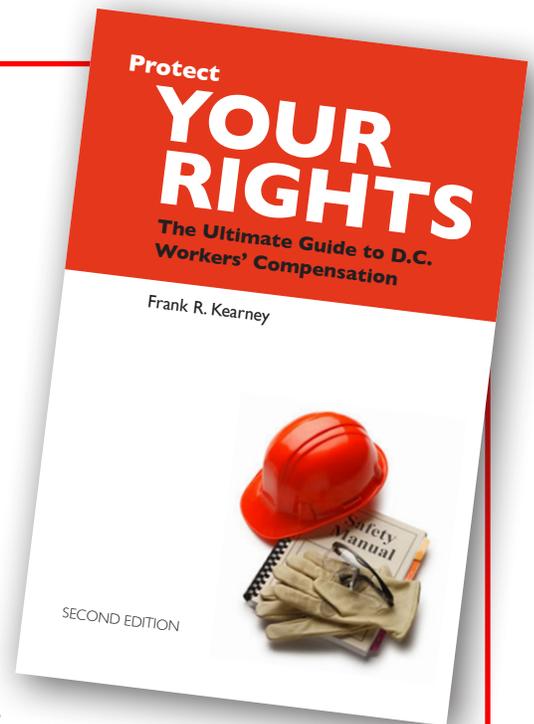

Frank R. Kearney, a founding partner of DONAHOE KEARNEY, LLP, is certified in Civil Trial Advocacy by the National Board of Trial Advocacy. His firm only represents people who have been injured and families who have lost a loved one due to medical malpractice, car accidents, construction site accidents and other serious work accidents.

Early in his career, Mr. Kearney represented insurance companies and other corporations, defending personal injury lawsuits. He now uses this experience to his clients' advantage in negotiating with insurance company representatives and executives.

Mr. Kearney's philosophy in his practice is simple. He treats all of his clients with respect, in everything from vigorously protecting their rights to simply returning their telephone calls.

Mr. Kearney has won sizeable verdicts, settlements and judgments on behalf of victims of serious accidents and medical malpractice and he represents workers, families and children in the District of Columbia, Maryland and Virginia. He was recently one of 5 D.C. attorneys selected for inclusion in Super Lawyers, an independent rating service for lawyers, in the field of workers compensation.

Mr. Kearney graduated from the George Mason University School of Law in 1993. He graduated from Duquesne University, with honors, in 1990.
